In case of an existing building, no change of occupancy that would bring it under some special provision of this ordinance shall be made unless the Building Inspector, upon inspection, finds out that such building conforms substantially to the provisions of this ordinance with respect to the proposed new occupancy and use, and issues a certificate of occupancy therefor.

(b) The reestablishment in a building, after a change of occupancy has been made, of a prior use that would not have been permitted in a new building of the same type of construction is prohibited. The change from a specifically prohibited use to another specifically prohibited use shall not be made.
